

## ND3184-00

### Features

- ❑ 23 dB isolation typical, 0,3 dB insertion loss
- ❑ custom products available with alternate configurations
- ❑ Designed for wireless telecommunication systems

### Description

TEMEX 's drop'in circulators and isolators, designed for cellular applications, feature high performance at low cost. These designs offer the best isolation per insertion loss ratio in the industry and are currently produced in the tens thousands of pieces per year.

### Electrical specifications

Performances warranted over temperature range

Parameters	Units	-10 to +85°C		
		Min.	Typ.	Max.
Isolation	dB	20	23	
Insertion loss	dB		0,2	0,4
Forwarder Power	Watts			100
VSWR	-			1.25

Housing : Steel  
Housing finish : Nickel  
Contact material : CuBe2  
Contact finish : silver
